Dear Friends of Purusha,

As we begin 2020, we are happy to once again offer you our calendar and thank you for your ongoing support, which has allowed us to continue to fulfill Maharishi's wishes for the program that he established over 38 years ago. This past year has been an outstanding year for us on many fronts.

We have continued to expand our offering of courses for our family of Governors and Sidhas, featuring leaders from all areas of Maharishi's organizations. This coming year we will offer courses featuring Dr. Bevan Morris, Dr. Neil Paterson, Dr. Doug Birsx, Raja John Konhaus, Raja John Bright, Dr. Fred Travis, Dr. Stuart Rothenberg, and Dr. Charlie Heath. Please see our enclosed course schedule.

A major area of attention for 2020 will be to strengthen our channels for attracting younger men to join us in maintaining the energy, enthusiasm and dedication for Purusha's unique focus on evolution. We have already established a solid core group of younger members of the Purusha program, with a significant number of other individuals who are looking to join. To help them achieve their fund-raising goals, we have established the NextGen Purusha Sponsorship Fund. Please see the enclosed flyer and visit the newly established NextGenPurusha.org website for further information on how you can help. The website was entirely created by the members of the NextGen Purusha program.

With their enthusiastic help and experience we are planning a greenhouse project to supplement our existing outdoor vegetable garden and orchard, and are researching the possibility of adding solar energy to our facility. We have hopes that both of these projects, along with a new energy conservation program, will make sustaining the Purusha program more cost effective in the future. We would welcome hearing from those of you who would be interested in providing expertise and/or support for these projects.

Our goal is to raise \$25,000 to further develop our gardens and build a high-tunnel greenhouse. The expenses will include equipment, supplies, and labor for the greenhouse and our gardens. We have already raised \$5,000 toward this goal. If you would like to contribute, you can use the enclosed donor card or donate online and write that the donation is for the 'Gardening Project' in the 'Inspired by' section of the donor form. It is important that any donation that you may make be in addition to whatever financial support you currently extend to Purusha.

Numerous friends of Purusha have informed us that they have listed the Maharishi Purusha ProgramSM as a beneficiary in their estate planning, which will greatly help support the current and future generations of Purusha. Enclosed is our Legacy Giving flyer for those who would like to join this special group of benefactors.

We can never thank our donors enough for your generosity over the years. Your commitment to support your friends on Purusha and our goals to create a better world are deeply appreciated. We feel that all our donors are our partners in helping us achieve these goals.

We wish you and your family all success, happiness and Enlightenment in the coming year.

Jai Guru Dev

Maharishi Purusha Program
